DETAILED ACTION

Information Disclosure Statement

An IDS was timely filed on November 11, 2000 before the first Office action on the merits. The IDS fails to indicate that the cited English languages U.S. Patents are either a complete translation or an equivalent to the cited, Japanese language documents. Therefore, a concise explanation of relevancy is required. See MPEP 609.III.A(3) and 37 C.F.R. 1.98(a)(3)(1).

The timely filed IDS included supplement pages 1-3 and a PTO Form 1449.

In a telephone interview (see the attached, telephone interview summary), conducted on September 09, 2005, the applicant's representative William Pieprz (Reg. No. 33630) stated that the supplemental pages provided the concise explanation of relevancy for the art cited on the PTO Form 1449 of the IDS. Thus, the examiner has considered all citations listed on the PTO Form 1449 (see the IDS attachment to present Supplement Notice of Allowance) in view of the concise explanation as identified by the applicant above.

Allowable Subject Matter

Claims 20-27 are allowed.

Examiner's Reasons for Allowance

See page 2 in the last Office action, mailed on July 21, 2005, for further details regarding the examiner's reasons for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
